

Regen-Enhancer[®]

Algaecide Booster

- + Improves efficiency of chemical treatments + Dissolves dead algae or aquatic plants on a cellular level
- + Aids in water applications + Speeds chemical reactions and penetration of algaecide and herbicides

DOSAGE RATES

Regular Dose

Initially: 5 L - 28 L per ha
Maintenance: 9 L - 28 L per ha

Pollen Dose

18 L per ha sprayed on the surface

Super Dose

For ponds that are completely covered.
140 L per ha

Leaf Degradation

9 L - 28 L per ha of Regen-Enhancer per month followed by 4.5 kgs of Regen-Sediment

When used after an algaecide or herbicide, Regen-Enhancer accelerates the degradation of dead aquatic plant or algae. Regen-Enhancer releases specific biostimulants to speed decomposition and quickly fixate available nutrients. This process allows the naturally occurring bacteria to take over degradation.

It is the users responsibility to determine conditions for use of this product and to assume liability for any loss, injury, damage, or expense arising from, or connected with the use of this product.

WARNING

Causes serious eye damage. May cause skin irritation. May cause allergy or asthma symptoms or breathing difficulties if inhaled.

Avoid breathing dust/mist/vapour/spray. Wear protective gloves/protective clothing/eye protection/face protection. Wash thoroughly after handling. Do not eat, drink, or smoke while handling.

IF INHALED: Move person to fresh air.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. If irritation persists seek medical attention.

IF SWALLOWED: May cause nausea or diarrhoea. Drink plenty of water. Seek medical attention.

IF ON SKIN: Wash exposed area with soap and water. If irritation persists seek medical attention.
